HAWS EYE WASH STATION

Haws Portable Eyewash Station is gravity operated and has a 9-gallon capacity, providing a full 15 minutes of flushing at .4 gpm. Its wide opening and threaded cap makes inspection, cleaning and filling easy. The FDA high-density polyethylene tank features a handle on top for ease of portability, too. Station measures 12"H x 22"W x 10"D. Meets ANSI Z358.1-2009 Standard for 15 minute flushing requirement. **Water Preservative** additive preserves water for up to six months.

Part No	Description
M7501F	HAWS 15-min Portable Eyewash Station
M7501REFILLF	HAWS Water Preservative, 8 oz

PURE FLOW 1000®

The Fendall Pure Flow 1000® delivers Eyesaline® solution purified, contaminant-free and physiologically correct from a sealed, integrated delivery module. The cartridge has a 24-month shelf life. Must purchase fluid cartridges separately. Meets ANSI Z358.1.

Part No	Description
320010000000SN	Pure Flow 1000 15-Min (Eye Wash Station Only)
320010500000SN	Pure Flow 1000 Fluid Cartridges, 2/Pkg

Features

- Self-contained unit installs easily because there's no plumbing involved.
- Factory-sealed fluid cartridges are ready to go right out of the box. No mixing, measuring or possible contamination involved.
- Cartridges are easy to replace taking less than five minutes. Expiration date is printed on activation straps.
- Cartridges last for up to 24 months - four times longer than other self-contained eye washes.
- Highly visible green color makes it easy to find in an emergency.
- The unique nozzle delivers a soft flow of Eyesaline, which is superior to tap water for cleaning the eye.
- There's a constant flow rate for the full 15 minutes required by ANSI Z358.1-2004.
- The fluid reservoir catches waste fluid to eliminate spills.
